The 2014-2015 School Year was extremely successful for Georgetown County School District.

We earned an "Excellent" Absolute Rating on the state Report Card for the third consecutive year. Also, this year our hard work was rewarded with an "Excellent" Improvement Rating, marking the first time GCSD has earned an "Excellent-Excellent" Report Card. Only seven of South Carolina's 82 school districts earned an "Excellent-Excellent" Report Card. The district's success is the result of our students, parents, teachers, and community members working together to provide the best possible education for all of our students.

We continue to offer a variety of rigorous course offerings in all of our high schools. Students earned $12,783,547 in scholarships for this year's senior class, which is more than two million dollars more than the previous year.

GCSD continues our efforts to promote stronger student engagement in our classrooms. Implementing many reading/writing, "flipped classrooms" strategies, district-wide partnership with Horry Georgetown Technical College (PACE), STEM (Science, Technology, Engineering, and Mathematics) Programs, along with our outstanding BEACH (Gifted and Talented Academic and Artistic Programs) have been just some of the innovations which have accelerated our performance.

Safety and security for all GCSD students and employees remains a high priority. During the past few years we have made modifications and updates to maximize the most current techniques in safe school environments and those efforts will continue in 2015-2016. We have resource officers located at each site and at many of our events. GCSD also utilizes off-duty law enforcement officers for safety.

The use of instructional technology leads our efforts for ongoing professional development for our teachers to make certain that students are using these tools most effectively, thus providing us college and career ready students.

Thank you for all you do to support our schools and students. Students, teachers, parents, and community members working together help us achieve our academic goals and provide the best educational experiences for all our students. We look forward to a great school year in 2015 – 2016.

Sincerely,

H. Randall Dozier, Ph.D.
Superintendent
