Dear Harlandale Family Member;

Our first three weeks of the 2012-2013 school year have been outstanding. As I have visited satellite offices, campuses, and walked through our classrooms, I have been able to sense the pride and commitment from our students and from the staff. The energy levels within our campuses have been great, and it was truly a pleasure to see our students so eager to be back in school.

Last evening we enjoyed the much anticipated ribbon cutting ceremony, celebrating the grand opening of the band halls and field houses at both of our high school. These state-of-the art facilities would not have been possible without the vision of our Board of Trustees, the support from our Bond Oversight Community Members, and most importantly, from the support of our Harlandale family members.

Over the summer months our technology migration got under way. While the benefits to this change will be great, we are very aware that some of you are still in a transition phase. We apologize for any difficulties you have encountered due to the rollout. Please be assured that the Cabinet administrators, along with the Information Services staff, are well aware of the issues you may be facing. We are using every possible resource at our disposal to complete the conversion as quickly as possible. Meanwhile, we appreciate your patience and understanding.

Even in the midst of challenges, the power of our people is still evident. We are committed to focusing our resources on each classroom in order to provide every student with the top quality education we all so strongly believe in. Please remember that what you do matters, and that YOU make a difference.

Rey Madrigal
Interim Superintendent
