

Platteview High School Head Injury/Concussion Acknowledgement Form

I understand there is a possibility that participation in any sport may result in a head injury and/or concussion. Furthermore, I have been provided with the *Concussion Fact Sheet* and understand the importance of reporting a head injury and/or concussion to parents, coaches and athletic trainer.

After reading the *Concussion Fact Sheet*, I am aware of the following information:

- A concussion is a brain injury, which I am responsible for reporting;

- A concussion can affect ones ability to perform everyday activities, affect reaction time, balance, sleep quality and classroom performance;

- A student athlete will not be allowed to return to a game or practice until cleared by a physician or the athletic trainer;

- Following a concussion, the brain needs time to heal. There is an increased likelihood for a repeated concussion if the individual returns to play before symptoms have resolved;

- In certain instances, repeated concussions can cause permanent brain damage, even death; and

- At any point following a suspected concussion, any of the following individuals reserves the right to voice concern for the safety of a student athlete and prohibit he or she from returning to play: physician, coach, student athlete, athletic trainer, parent.

By signing below, I understand the importance of the statements above and have asked any and all questions regarding the above statements. I further understand that I will not be allowed to participate in PHS athletics until this form is signed by a parent/guardian.

I hereby attest that I have read, fully understand and will abide by the above statements.
