Students will be released at 12:50pm

Monday, April 22nd &
Tuesday, April 23rd

No School
Family Days

Math & Science Connection

Help your youngster learn about the science of optics with this mealtime activity.

Have him look at himself in a clean spoon. What happens if he looks in the bowl of the spoon? (He's upside down.) What happens on the other side? *He's right side up.)

Next, have him bring his finger toward the spoon and watch what happens on each side. The bowl (the concave side) will magnify his finger, or make it look larger? The back (the convex side) will make his finger look smaller. Ask your child how scientists might use this information to make eyeglasses, camera, or telescopes.

Tip: He can remember which side is which by thinking of concave as "caves in"

Math Pop—4th Grade

3 apples weigh the same as 5 oranges. If I know that each orange weighs 100 grams, what is the weight of 6 apples?

600 grams

500 grams

1 kg

1.2 kg

3rd **Family Literacy Picnic**

15th **Pre-K Graduation**

21st **Kindergarten Completion**

23rd **LAST DAY OF SCHOOL**
Students Released at
12:50 pm

ATTENDANCE

Students are at risk of being marked truant when a call or written note from a parent/legal guardian is not presented to the school within three (3) days of an absence. The definition of an absence includes: a partial or full day absent from school. These types of absences can be marked truant if contact from the parent/legal guardian is not made within the allowed time limit.

BOBCAT TRACKS

You will receive a copy of our "Bobcat Tracks" newsletter each Monday. If school is not in session on Monday, then you will receive it on Tuesday. We translate the "Bobcat Tracks" into Spanish. If you would like your copy in Spanish, please have your child let his or her teacher know.

Both versions are on our Website listed at the top of this page.

There is a great deal of very important information in each newsletter so be sure to read it carefully each week.
