6th GRADE ART PROJECT

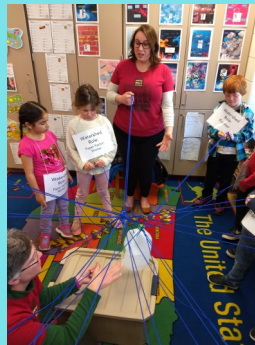

Inspired by Wayne Thiebaud, an artist who paints cakes, pies and other sweets, 6th graders papier mached and decorated their own secret recipe slice of cake.

SPECIAL VISIT

Students in Pre-K through Grade 5 welcomed dentist, Dr. Gen Ohkawa, and dental hygienist, Carol Jo (CJ), when they came to visit WAJ to teach us about Dental Health. We learned the importance of taking good care of our teeth by brushing, flossing, getting regular dental check-ups and eating healthy foods. Each student went home with a new toothbrush, floss, toothpaste and information on keeping our smiles healthy!!

HANFORD MILLS HISTORIC MUSEUM VISITS WAJ

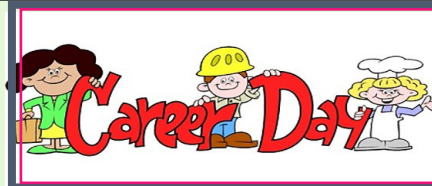

The second graders spent the afternoon engaged in hands on learning activities about water, how to use it, how to save it and how to share it.

MRS. McCULLAR'S SECOND GRADE CLASS

The Students in Mrs. McCullar's class are busy practicing their coding skills using blocks.

Thank you so much for all of the volunteers who participated in our Career Fair on March 15th. The day was a huge success!

THE WINDHAM WARRIOR

WJ's substitute teacher, Mr. Weisburg, who is also a professional fly-fishing guide, has created a new trout fishing fly in honor of his time here at WAJ. The fly (pictured below) is called "The Windham Warrior" and is made with small pieces of blue, white, and silver from our old cheerleaders' Pom-poms. We are sure the fish will find it irresistible.
