

COVID-19 Update for North Middle Students and Parents

First of all, I wanted to take a moment to let you know that all of the North faculty and staff are missing our students. The daily interactions and face-to-face conversations cannot be replaced through technology, but during this time, we will do everything we can to support and nurture our students.

Today Governor Lee announced for schools to remain closed until April 24th. North faculty and staff are currently working on our plan for remote learning. This will include both virtual and paper/pencil options. For those with internet access, your student will need to stay in contact with his or her teachers using their fcstn.net e-mail address and also accessing programs through his or her Clever account.

If your student **DOES NOT** have internet access and you would like to schedule a packet pick-up, please text 931-313-9535 or holly.eslick@fcstn.net. Your student's name should be included in communication.

We will also allow Chromebooks to be taken home so that your student has a device to work on. To let us know you need to pick-up your student's device, please go to www.northmiddle.fcstn.net and fill out the google form under the latest news tab.

During this time, it is our intention to enrich and enhance students' knowledge, not to penalize those who do not have access to materials.

If your student has a need, please contact me so that it can be addressed.

Also continue to look for updates on our website and follow us on our new Facebook page which can be found if you search North Middle-School@franklincountyttn. You can also e-mail me at holly.eslick@fcstn.net or text 931-313-9535.

Thank you for your patience during these challenging times and we look forward to supporting our students through remote learning. Please remember we are all in this together.
