### *Parental Involvement*

Make sure that your child gets plenty of rest on  
nights before the testing.

Make attendance a priority on testing days and that  
your child is on time for school each day.

Ensure that your child eats a healthy breakfast each  
morning of the test.

Encourage your child to do well but don't pressure  
him/her. You may stress him/her out. It is important  
for your child to stay relaxed for the test.

Praise/reward your child when they do well on the  
test or for their hard work preparing for the test.
