- \*Variety
- \*Entertainment Value
- \*Difficulty
- \*Showmanship
- \*Precision/Execution

**OVERALL IMPRESSION SCORE** = \_\_\_\_\_ (10 points total)

**DESCRIPTION OF INDIVIDUAL ROUTINE:** Show the judges what you do best!!! The routine should showcase your ability to successfully execute a prepared routine. You will be judged not only on your twirling skills, but also on your showmanship, body technique, precision and entertainment value. The routine may include multiple baton work if desired. The routine should also include dance twirl steps (baton choreography with movement/footwork). Make the routine fun and upbeat...music and choreography should demonstrate what you do best. Entertainment value is key! NO use of props allowed. The routine time limit is 60-90 seconds. It is important to choose music that is engaging and tasteful. Music that is currently popular on the radio is not always the best choice. Music used may have no profanity or questionable lyrics. Music used should be on a labeled cd. You should write your name on your cd. It is also best to have a backup cd just in case it is needed. Please note there will be no iPods or iPod docking systems allowed to be used at the tryout; only cds will be accepted.
