

Liberty Middle Parent University

May 1st, 2018

5:30-7:30

Mark your calendars! We are facilitating choice sessions for our current and future LMS parents and guardians to learn more about the adolescent brain, social media, growth mindset, Math for Mastery, organization, Google Classroom, the middle school transition, the high school transition, and more. You'll choose a class from each session based on your interests. A detailed schedule will be published in the upcoming weeks.

We hope to see you there!
