

Tanner Williams Elementary 2017 First Grade Summer Reading List

We recommend you read with your child at least 20 minutes each day. Pointing to the words as you read will help your child learn to read. Books in the children's section of the libraries and book stores are shelved by the authors' last names. Books by any of the following authors are recommended literature for first grade students. Most of these books are meant to be shared aloud with your little one. They will learn to read from left to right, follow a line of print, be familiar with letter sounds, read in phrases, stop at end marks, and recognize the relationship between the words and the pictures by listening to you read to them; all important first grade skills. Most of all your child will learn that reading is fun!

Fifth Grade Summer Reading

During the summer months, many children lose months of their reading level since they do not read as many books during this time. Therefore, we are asking that each child read at least one book during the summer.

They will need to write down the title of this book (or these books) and be ready to test on them when they return to school in August. This will allow them a jump start on their 1st quarter AR goal. In addition, the students will complete a project on the book that will be presented during the first week of school. (**This will be their first reading grade of the quarter.**) They can select **ONE** of the following activities:

- Write a poem about the story and include an illustration. (at least 12 lines long)
- Draw a portrait of the main character and write a summary to accompany the sketch.
- Make a poster advertising the book so someone will want to read it. (include the title, author, and a short summary *without the conclusion*)
- Make a diorama (shoe box scene) from the book and include a summary.

Here are suggested titles:

FRINDLE

THE INDIAN IN THE CUPBOARD

by Lynne Reid Banks (book level 4.6, 6 points)

Other kids have their own word to describe him, but Zinkoff is too busy to hear it. He doesn't know he's not like everyone else. And one winter night, Zinkoff's differences show that any name can someday become "hero."
