GENERAL

- Counselor Appreciation Day! This week is national counselor appreciation week. We are fortunate to have an awesome group of counselors who go above and beyond every single day. If you are in the office area, please stop by and thank them for all they do!
- Attention students, having trouble with your computer tablet working properly? Mr. Markstone has been asked to return to the classroom and is no longer available during lunch to help with tablets. Good news though, you can still get help with your tablets. Just drop your tablet off with Ms. Juarez in the library, fill out a description of what is wrong with your tablet, and leave it with Ms. Juarez. We have a computer technician picking up the broken tablets every night and returned them fixed just as soon as possible. Just check back in with Ms. Juarez after a couple of days. We are working to find a replacement for Mr. Markstone very soon, then there will be someone available at lunch again as usual.
- The administrative team would like to thank and congratulate the group of staff and students who helped make the registration of next year's incoming 9th graders a huge success. Because of this team's hard work, we've now registered approximately 600 of our upcoming 9th graders. This process meant 4 nights working until 8:00p.m. and countless hours of man-power. A special thanks to Ms. Barredo and Ms. Garcia for their huge role in organizing these events, and a VERY special thanks to the students from ASB and Las Comadres who provided 100's of volunteer hours interpreting, making copies, and helping parents through what can often be a very confusing process. We couldn't have done it without you! Thanks, and GO SAINTS.
- Show your school spirit and participate in this year "Friendship Week!" Find more information on posters around campus.
- Saints come to the practice field at lunch and buy a Valentine Gram from ASB. Only 20 will be sold so don't miss out! Also, participate in the survey and you will be entered to win prizes! Don't forget, Spirit Week next week. Look at the posters for more information.
