dropped off after 8:40

January 2017

Greeting from the Principal

Wishing you a very Happy & Healthy New Year! The month of December was filled with many special events. Thank you to all the parents who came in to do an activity or craft with their child's class. Also thank you to all the many guest readers—our students love having you visit them at school.

We continue to go outside for recess as often as possible so please be sure to dress your children accordingly. We are very excited to have a new service line in the cafeteria. Please be aware Mrs. Duffy our school librarian has retired, we will miss her and wish her all the best!

Our next PTA meeting is Wednesday, January 11th please join us to hear about math tools used in K-2 classroom as well as an overview of Reflex and Dreambox. The PTA welcomes new ideas and needs support with future events, so please make every effort to attend!

Thank you for being our partner in your child's education!
