**Re: Yearbook Photography Information**

Dear Junior Class Students and Parents,

I am writing with information about senior yearbook photos. Our long-time yearbook photographers, Storytellers, recently notified us that they are scaling back (but not ending) their photography work with the school. They will no longer serve as the sole provider of all yearbook photography. To address this change and fill this important role properly, a committee has worked over the past months to develop a new request for proposals (RFP) for area photographers. The committee includes the school yearbook advisor, a high school parent, a high school student, a Board of Education member, the district business manager, and me.

Photographers were invited to apply for a part of the work or the full job. The request for proposals was posted in newspapers and on the district website, and known in-town photography companies were invited to apply. Proposals have been received, and the committee is currently reviewing them and working toward a final contract.

The committee's main goal is to support students by preserving the beautiful, comprehensive yearbook our community has come to expect. Its second goal is to have this plan in place within the near future.

For those families who would like to book their senior photos now, Storytellers continues to serve as the NHHS official yearbook photographer and is taking appointments.

On behalf of the committee and school, I will be in touch soon with more information as this process unfolds.

Sincerely,

A handwritten signature in cursive script that reads "R. Dallai".
