

North Haven Public Schools
North Haven, Connecticut 06473

30 March 2017

Parents/Guardians/Staff:

North Haven Middle School is in the process of having renovation, demolition and abatement activities performed throughout the original building. The work started in 2015 and has been on-going and will continue throughout 2017. The asbestos and PCB abatement/remediation activities are planned to continue April 7th through June 16th, 2017. The building materials requiring abatement/remediation include interior flooring materials, pipe fitting insulation, air duct vibration isolation cloth, air duct insulation adhesive, gym wall padding adhesive, interior/exterior window/door/panel caulking/glazing/sealant compounds, exterior roof flashing, transite cement board and wall and beam damp-proofing materials.

The Connecticut Department of Public Health is involved with this project since abatement will occur during school session. Abatement is scheduled to be performed 1st shift (7am-5pm) April 10th through April 14th and 2nd shift between 3-11pm April 7th, 17th through June 16th and possibly weekends. Langan CT has performed the abatement/remediation design for this project and is working closely with CTDPH to ensure that the work will be performed properly. CTDPH has approved this project.

The intent of this letter is to inform you that asbestos/PCB removal will be performed throughout April-June and will occur in regulated areas using appropriate engineering controls. Connecticut licensed asbestos companies NASDI and American Vets Abatement Experts will perform the abatement/remediation work. Langan CT, an independent

environmental consultant (or its representative), will monitor the project. The monitoring includes, but is not limited to, daily inspections, air sampling during abatement activities and final post abatement visual inspections and re-occupancy air sampling.

As required by CTDPH, this notification is being sent to all parents and guardians of the children/students, faculty and staff associated with North Haven Middle School. Contact information is below.
