Reading Tip #5

Parents, at VRE our goal is to ensure that students are great readers. As many of you know, reading success means success in all other subject areas. I've asked all our students to read at least 20 minutes a night and for our younger students, I've asked them to have you read their library books to them daily. Below is a link that provides many different reading supports for you to help your students at home with reading.
