

What is a School- Parent Compact?

A school-parent compact is an agreement that parents, students, and teachers develop together. It explains how parents and teachers work together to ensure all students receive the individual support they need to reach and exceed grade level academic standards.

Jointly Developed

The parents, students, and staff of West Green Elementary School developed this school-parent compact. Teachers suggested home learning strategies, parents added input about the types of support they needed, and students told us what would help them learn.

Meetings are held each year to review the compact and make changes based on student needs. Parents are also encouraged to participate in the annual Title I parent survey that is also used as a tool to collect parent feedback regarding the current Title I programs and policies.

Parents are welcome to contribute comments at any time.

If you would like to volunteer, observe, or participate, please contact Heather Lott at
