We want to congratulate the Class of 2018. They have set a path for upcoming classes to follow. As a class, they were offered over \$25.6 Million in Scholarships (almost 10 Million more than the Class of 2017). In addition to the scholarships, 64% of the Class of 2017 took at least one Honors, AP, or IB course during their high school career.

We look forward to similar results for the classes to come. At this point, we want to congratulate all current Tigers!!! You have made it through another year of high school. Our hope is that you gave it your very best effort and your grades reflect that! If that is not the case, you have another year to prove to yourself, your family, and your teachers that you can achieve academic success!!!
