DEAR PARENTS,

Today, parents and guardians are continuously seeking ways to invest in their child's learning experience, especially over the summer. For the last 5 years, the Evan Oglesby Foundation has provided summer day camp programs that reinforce our core values of sharing, honesty, respect, responsibility, faith, empathy and integrity in a safe and caring environment. At the EOF, we know that it is vital that children are engaged in activities in which they are continuously learning and provided experiences that build self-esteem. The Evan Oglesby Summer Camps include programs where children learn about the environment, technology, science, philanthropy, read books and act-out skits and are physically active. Our well-trained and expert staff encourages every child to explore while creating fun and exciting memories that can be lifetime childhood investments. Learning never stops and the fun never ends at an EOF summer camp! Enroll your child in a EOF summer day camp today! It is a guaranteed investment in your child's future.

EOF FOUNDATION STAFF

Our staff members are more than just camp counselors. They are role models. They exemplify the EOF's core values of caring, honesty, respect, responsibility, faith, empathy and integrity. Staff members are carefully screened, well-trained and fully prepared to help each and every camper make positive summer memories. Because of our small staff-to-camper ratio, our staff members are able to form close bonds with our campers. Our program and camp directors are seasoned professionals with decades of experience in camp administration. These directors are always available to assist our counselors and our parents.
