

LHS Science Camp-Summer 2017

Dear Middle School Student:

Do you like science? Do you wish you had a place to get together with fellow science lovers? Well, we in the science department at LHS are planning something special, just for you. This coming summer, June 12-17, we are planning to have a summer camp here at the high school, just for science lovers in middle school. We have all sorts of ideas about what we would like to offer, but we would much rather hear from you and get your ideas. Below you will find a list of topics to trigger your interest. You can simply place a check beside the things you are interested in, but you may also write in topics in the spaces provided at the end of this form.

If you are interested in attending our summer camp, please fill out the all of the information requested on page 3 of this document. We are planning to use all proceeds collected to purchase equipment for our science department. This means that when you move up to our school, we will have the latest and best equipment for your science courses.

Cost: The camp will cost \$150.00 for the six day camp, Monday - Saturday, June 12-17, 2017. Please make check or money order payable to LHS Science Department. Cash will also be accepted when presented in person by the applicant or by a parent of an applicant.

We are planning for the arrival time each morning to be 7:45 am, and our dismissal time to be at noon. Around 10:00 am, we will break for a snack each day, possibly prepared by campers in a cooking class.

Please place application and deposit in an **envelope** and bring to counselors' office at the middle school or the front office at the high school or mail to the address below. We would like all applications by May 26th please, if at all possible. Applications may also be obtained by following the link in the *Latest News* section of the LHS website, <http://lhs.desotocountyschools.org/>.

LHS Science Camp
1755 Craft Road
Olive Branch, MS 38654

If you have any questions, please address them to Joe Boswell at
phone 661-890- 6780

or

email: joe.boswell@dcsms.org *(The best way. Put "Science Camp" on subject line.)

Hope to see you soon!

Sincerely,

Joe Boswell, Science Department-LHS

Science Camp Interest Survey

Please check all the topics that you would like to see included in our science camp.
