

NEWBERRY
OPERA HOUSE
 PERFORMING ARTS CENTER
Celebrating 20 Successful Seasons

You Are Invited to Help Us Celebrate!

February 20-March 20, 2018

February 20th has a very special meaning for the Newberry Opera House! On that date in 1882, the Newberry Opera House was first dedicated and on that date (exactly 20 years ago) in 1998, the Newberry Opera House was re-dedicated after a nearly 6 million dollar restoration. In recognition of this milestone, the Newberry Opera House will be paying tribute to HER OWN in grateful recognition of the generations of Newberrians who first built the Opera House; of those who have attended its school, community, and Newberry College performances and events; of those who came to watch movies there; of those who fought to preserve the building; of those who led the charge to restore the grand Victorian lady; and of those who continue to support this historic building so that it can be passed to future generations as a vibrant performing arts center. We invite you to please join us! Come HOME to the Newberry Opera House where we warmly welcome you and look forward to entertaining you!
