

In Loving Memory of
Tammie Williams

CHI Memorial Mobile Health Program
makes it easy to get your annual mammogram screenings.

All women should have a baseline screening between the ages 35 to 40, followed by annual screenings.

You must have your doctor's full name, driver's license, or state ID and insurance card.

No Insurance? No Problem! Screening mammograms are covered for eligible women year-round. Financial assistance for those who are under-insured.

Ask about our softer mammograms.

More information and forms available at memorial.org/mobile-mammography

No restrooms on the coach

Palmer Elementary School

226 School House Road. Palmer, TN 37365

Thursday, March 14th

10:00 a.m. to 5:30 p.m.
