Students not testing are not allowed to be in the hallways during the testing period. They are to be in one of two places: out of the building or in the high school library. Students coming into the building should not be in the halls sooner than 10 minutes before the next scheduled test time. Students are to remain in the testing area until the instructor dismisses them. Teachers will tell students whether they are to stay until the end of the testing period or leave quietly after they have finished the exam. Please follow each teacher's dismissal procedure. At the end of the test period, students are expected to be out of the building, in the study hall area or in their next test area within 10 minutes of leaving the previous test area. Students may not wait in the hallways if they finish exams early.

HIGH SCHOOL STUDENTS NEED NOT BE IN THE BUILDING DURING THEIR STUDY HALL PERIODS. NOTE in particular the time of the day scheduled for lunch periods. If you have any questions concerning finals, please contact the school at 715-373-6188.
