Goals Summary

Goal 1: CIP: READING - Increase Performance Series Scores

Goal 2: CIP: Math - Increase Performance Series / Global Scholar scores

Goal 3: CIP: Build on Positive Climate / Culture of PJHS

Goal 4: All students will become proficient writers. PJHS will increase the number of students proficient in writing on the District prompts by 5%.
Executive Summary
Introduction

Every school has its own story to tell. The context in which teaching and learning takes place influences the processes and procedures by which the school makes decisions around curriculum, instruction, and assessment. The context also impacts the way a school stays faithful to its vision. Many factors contribute to the overall narrative such as an identification of stakeholders, a description of stakeholder engagement, the trends and issues affecting the school, and the kinds of programs and services that a school implements to support student learning.

The purpose of the Executive Summary (ES) is to provide a school with an opportunity to describe in narrative form the strengths and challenges it encounters. By doing so, the public and members of the school community will have a more complete picture of how the school perceives itself and the process of self-reflection for continuous improvement. This summary is structured for the school to reflect on how it provides teaching and learning on a day to day basis.
Description of the School

Prattville Junior High School, a dynamic educational community of approximately 1000 seventh and eighth grade students and 85 faculty/staff members, has been accredited by the Southern Association of Colleges and Schools since 1998. We receive students from two feeder elementary schools and are the only public junior high school within the city of Prattville, home to 35,000 people. PJHS is the largest traditional junior high school in the state of Alabama. Our student population has remained consistent over the last four years and is predominantly middle-to-low income families with 30% minority students. With our school's close proximity to Maxwell Air Force Base, we have a notable amount of military families in our community and school. Also, due to the location of Hyundai Motors Manufacturing Plant and Maxwell Air Force Base's Air War College, we have several international students.

The professional faculty and staff at Prattville Junior High School is comprised of three administrators, two counselors, one media specialist, six special education teachers, 46 classroom teachers and one school nurse. Other support personnel include three custodians, one bookkeeper, two secretaries, two security personnel and numerous special education aides. Our lunchroom staff serve two hot meals a day in our Cat Café. These groups of people work together to form what we affectionately call "The CAT Family."

There are a variety of clubs and organizations as well as athletic opportunities available to meet students' needs. Our band builds on students' musical talents and the PJHS BETA Club on academic achievements. Student Council participants exhibit strong leadership qualities by maintaining limited responsibilities at school functions. The PJHS Cat Spirit Club is a group of enthusiastic students who promote school spirit and cultivate positive energy throughout the school. Archery students take aim at success and have competed nationally. Our Career Technology teachers added two new clubs recently - (FBLA) Future Business Leaders of America and (TSA) Technology Students Association. Athletic teams and clubs at PJHS include football, volleyball, softball, baseball, cheerleading, archery, wrestling, and others (in conjunction with Prattville High School including golf, tennis, soccer, gymnastics, cross county etc.). We have recently added several electives to afford students a variety of experiences including Computer Electronics, Choral Music, and Theater, Cultural Expressions. In addition, the Cat's Meow Theater Troup and a Creative Writing Club have been added to pique student interests.

Over time and through the use of trend data analysis and needs assessments, Prattville Junior High School has added classes, implemented programs, and revised instruction in order to meet the needs of individual students as well as state and federal requirements. Examples of our diversity in courses include advanced placement and basic-level core curriculum classes, research-based reading and math intervention programs, English Learner support, career/technology and fine art electives, along with study skills and affective behavior electives for students with special needs. We also offer a Carnegie unit of Algebra currently comprised of 125 of our most advanced eighth grade students in the area of math.

Prattville Junior High School has experienced a variety of changes over the last four years. In math, reading, and writing, we have shifted to the College & Career-Ready Standards set forth by the State Department of Education. In the area of assessments, we replaced the ARMT+ and ASPIRE, an ACT product with Global Scholar. As we transition to align testing with our standards and national norms, we shifted our thinking to an assessment with primarily higher-order thinking skills. In the long run, this will be very beneficial for our students. As we progress and grow, we will continue to utilize programs such as Performance Series (a Scantron product) as a formative assessment to identify instructional needs throughout the year, Response to Instruction (RTI), and Positive Behavior Support (PBS) as well as adding...
multiple activities to increase bullying awareness. More recently, we have two changes to our administrative faculty and staff, two new assistant principals, and counselor as well as twelve new teachers. Change is inevitable. However, PJHS continues to maintain a safe school environment with high academic achievement, and a positive school culture.
School's Purpose

Provide the school's purpose statement and ancillary content such as mission, vision, values, and/or beliefs. Describe how the school embodies its purpose through its program offerings and expectations for students.

The purpose of Prattville Junior High School is to provide educational opportunities which enable our students to acquire knowledge, skills, and personal experiences for responsible citizenship and lifelong learning. We will address the emotional and academic needs of our students by providing a nurturing environment which fosters high expectations and encourages our students to become critical thinkers.

PJHS shares the vision of the Autauga County School System and is committed to “Every Child a Graduate, Every Graduate a Success.” PJHS embodies this mission through its program offerings and expectations for students in, but not limited to, the following ways:

A. Levelized Core Course Work
   I. Basic classes in the areas of English and Math:
      a. One highly-qualified teacher to introduce new material
      b. One special education teacher to meet the needs of those who require specialized instruction
      c. Lower class size
      d. Added remediation
   II. Advanced classes
      a. Pre-algebra, science, geography/citizenship, English, and world history
         i. Higher level of expectations, and increased use of critical thinking skills.

B. Carnegie Unit in Algebra I for qualifying students

C. Monitoring of Testing Data
   I. Disaggregated data utilized in instructional planning
   II. Disaggregated data utilized in student placement
   III. Performance Series testing 3 times a year for progress monitoring

D. Expectations
   I. Expectations are communicated to students and all stakeholders in a variety of ways
      a. Website
      b. Attached to report cards and progress reports
      c. Assemblies
      d. Intercom/Announcements
      e. Principal's letter on the website and distributed to stakeholders
      f. Digital Sign
      g. iNow Parent Portal
      h. NOTIFY ME utilized often through school website
      i. Social Media outlets

E. Counseling Program
   I. Bullying assemblies
   II. Special guests to relate to authentic life circumstances to students
   III. Drug and violence free programs

IV. Goal Setting Workshops

SY 2017-2018
Page 5
© 2017 Advance Education, Inc. All rights reserved unless otherwise granted by written agreement.
V. Career Day
F. Student Motivation
   I. Open lunch/Duty Free Lunch
   II. Extended student breaks
   III. Additional student breaks
   IV. Testing cookouts hosted by leadership staff
   V. Corporate motivational speakers
   VI. Athletes as motivational speakers
   VII. Motivational Contests/Awards
   a. CATalyst (Students get to choose a life enriching activity to attend once a month.
   b. Weekly drawings for PBS (Positive Behavior Support) "Real CATS Roar"
   c. Honor roll parties
   d. Departmental block parties
   e. Awards Day activities
   f. TCB (Taking Care of Business) parties
G. Teacher Motivation
   I. Open lunch
   II. Reward for perfect attendance
   III. Matching classroom grants received
   IV. Technology rewards for excelling in academic fields
   V. Monetary help for classroom supplies when meeting goals/standards
H. READ 180/System 44 remedial course offerings for students with deficits
I. RTI (Response to Instruction) Program
J. Differentiated Instruction
K. Hands-On Instruction
   I. Weekly or bi-weekly science labs
   II. Modeling and manipulatives within the mathematics classroom setting
   III. Language Explorations classes which include speech and drama instruction
   IV. Technology course offerings
      a. CAD (Computer Aided Drafting)
      b. Robotics
      c. Graphic design
   d. Powerpoint training
   e. Web training
   f. Video editing
L. Instructional Coaches
M. Teaching to Fidelity
N. Educational Field Trips
O. PBS (Positive Behavior Support) Program
P. Rigorous IEP (Individualized Education Plan) Development and Implementation
   I. Continual IEP meetings
Q. Technology: Smartboards, ELMOS, and laptops in all classrooms
R. Vertical alignment with Prattville High School to develop Power Standards
S. Communication with students to better prepare them for elements of the high school experience
I. Technology Center tours
II. High school registration assembly

T. Duke TIP Program

U. Band Collaboration and Participation between Prattville Junior High School and Prattville High School
   I. PJHS band joins PHS band for playing of National Anthem at athletic events
   II. PJHS band directors are actively involved in PHS band activities
   III. PJHS band plays with Prattville High School at homecoming games/activities

Prattville Junior High School strives to meet the needs of each and every student. It is our aim to create an atmosphere in which academic success is recognized and celebrated. It should encourage student learning, enhance self-esteem, and promote respect among and between students, faculty, and all stakeholders. It is our goal to contribute to Autauga County School System’s mission to provide excellent educational experiences for all students to be successful in life.
Notable Achievements and Areas of Improvement

Describe the school's notable achievements and areas of improvement in the last three years. Additionally, describe areas for improvement that the school is striving to achieve in the next three years.

Addition of the Following Programs:
* Partnership with Montgomery Mental Health Associates to address the emotional and psychological needs of at-risk students.
* PJHS Cat's Meow Theatre Group presented the 2nd school play in ten years.
* PJHS Spirit Club presented the 2nd annual PJHS Talent Show.

Student Awards and Honors
* National History Day
  Two students won 2nd in state competition and were recognized at nationals by the Polish Embassy for their project.
* 1st place in the Patriot's Pen Essay Contest
* 3rd place in the Alabama Police Officers "Say No to Alcohol and Drugs" Essay Contest
* 4th place in the Alabama Police Officers "Say No to Alcohol and Drugs" Essay Contest
* One seventh grade student was chosen for the gold level Presidential Merit Award for over 250 hours of community service.
* Six seventh grade students took the Duke Tip test and scored a 20 or above.

Athletic Event Accolades
* Majorettes were added as a part of our PJHS Band.
* Volleyball
  Current record: 20-4 River Region Tournament Champions
* 7th grade football undefeated season
* Archery team:
  First place in regional competition
  Top 10 in the state
  Qualified for Nationals in Louisville, KY.
  Qualified for and participated in World Competition in Nashville, TN
* Baseball
  27-2 record
* PJHS Cheer
  At UCA camp this summer we received - 1st place in the Extreme Routine, Cheer, Sideline, and Game Day Ready
  Received the BIG Banana, which is the most school spirit award for the whole week of camp.
* PJHS Softball
  Won runner-up at the Opelika Middle School Tournament

Beta Club
* Collected over 1000 cans in the can food drive!
* State convention:
  Color photography - 1st
  Digitally enhanced photography - 1st
Creative Writing Club
*This is the first year of our Creative Writing Club

Teacher/Staff Grant/Award Winners
*There were multiple grant award winners that received various amounts of money for a variety of projects within the school. PJHS received grants for improving school technology within the classrooms, signage throughout the school, science lab, and a new Wall of Honor. There was approximately $15,000 awarded to PJHS these projects.

Monetary Donations
  *Anonymous donation for funding to create a 7th grade computer lab
  *Autauga Foundation donated $3,500 towards new copiers

Community Support Programs for PJHS Students and/or Faculty
  *Rack Room Shoes That Fit (2010-present)
    *First Community Bank $1000
    *Baptist Hospital Montgomery $250
  *PJHS partnered with the Lowe's HERO program to redo the flower beds in the front of the school

PJHS Book Fairs
  * Scholastic Dollars Earned = $2460
  *Profit to pay for Destiny Quest Database = $1200
  *Scholastic's All for Books Program (Children's Reading Charities) = PJHS Students collected enough money during the book fairs to donated over 300 books to students in our community, state, and nation
  *Upgrades to the Prattville Junior High School gymnasium
    The bleachers have been completely refinished including all new wood and cleaned and painted metal frames
    We now have two automatic screens and two projectors
    The stage area has been revitalized with fresh paint and floors refinished
  *Upgrades to the parking lot
    All of the parking lots at PJHS have been resurfaced and painted
  *Upgrades to flower beds
    The font and right side flowerbeds have been cleaned, replanted, and new curbing
  *New computers in the 8th grade computer lab
  *New benches were added to the front of the school to replace the dated concrete benches.

PRATTVILLE JUNIOR HIGH SCHOOL'S AREAS OF IMPROVEMENTS:
A. Continued goal of 100% proficiency in all academic areas
B. Continued technology upgrades
   I. iPads in the hands of every teacher
   II. iPads in the hands of every student
C. Continued professional development in teaching areas & technological advances
Additional Information

Provide any additional information you would like to share with the public and community that were not prompted in the previous sections.

Prattville Junior High School exists for the sole purpose of meeting the needs of every child. The needs of the individual are as unique as the children themselves. For the fortunate ones, their only needs are educational. For many the needs go beyond what is taught in the classroom. We find ourselves becoming the teacher, parent, friend, and counselor that many students desperately need but rarely find in their own homes. It is our purpose that not one child falls through the cracks and is harmed by the hands of compulsory education.

At the forefront of meeting the needs of our children is a top-notch, comprehensive developmental counseling and guidance program, which aids students in the classroom, in large groups, and in individual settings. The counselors also assist administrators, teachers, and parents in many ways. The counseling department oversees numerous programs designed to meet the needs of students. These programs include but are not limited to “Too Good for Drugs,” “Too Good for Violence,” REALITY HOUSE, the Texting-While-Driving Simulator, and Peers are Staying Straight drug ID testing. The counselors teach our children skills such as time management and conflict resolution. The most important role of the department is the actual counseling of students who are having problems at school or at home. This department is essential to meeting the needs of the children.

Prattville Junior High School believes in the idea that all stakeholders need to be involved in the educational process and therefore encourages parental participation. PJHS Parental Involvement Group provides ample opportunity for parents to be actively engaged in the learning process. Our Parental Involvement Group consists of dedicated parents who provide resources and address issues which are important to parents and teachers alike. The PJHS Student Center and front office have numerous parental volunteers to help ensure our school runs smoothly, allowing these parents the opportunity to contribute to the education of all children.

Our school nurse joins together with Birmingham Children’s Hospital each year to screen all students attending Prattville Junior High School for scoliosis. Since early detection is important, our school nurse, Sheryl Johnston, assists other professionals to make certain all students of PJHS are screened and provided with necessary resources if needed. As well as the everyday nurturing of ailing students, the school nurse performs numerous hearing and vision screenings with referrals to outside resources when considered necessary. Nurse Johnston also works in conjunction with the Autauga County Health Department along with numerous physicians to make certain all children of PJHS remain updated with required immunizations. Numerous members of the PJHS faculty are certified in CPR (Cardiopulmonary Resuscitation) along with others certified using an AED (Automated External Defibrillator). Our athletic director, Donny Burnett, is an endorsed instructor in both CPR and AED through the American Red Cross. Our school holds two AEDs for safety purposes, one of which remains accessible at all times of the day.

Community support is also evident at Prattville Junior High School. Merrill Carroll, a counselor and family program coordinator at the Autauga County Family Support System holds weekly small group sessions with students in In-School Suspension (ISS) at Prattville Junior High School. Representatives from the Autauga County District Attorney’s Office visit often with students of PJHS who were recommended for services through the “Helping Family Initiative” program. Mandi Hall, Chief Juvenile Probation Officer of Autauga County, meets monthly with families of students at PJHS with truancy issues. These early warning meetings are held to circumvent families having to appear before a judge in a court of law. In addition, numerous grants have been written and received that promote community awareness including the Retired Teachers Association, Central Alabama Electric Cooperative, Lowe’s Hero’s project, etc.
Our PJHS attendance coordinator, Scarlett Rowe, works diligently with our county truancy officer, Ty Spears, and Ms. Hall to ensure all students are following mandated state and county attendance policies.

Our school cafeteria, The Cat's Cafe, celebrates "National School Breakfast Week" each year in the month of March. This significant event helps encourage our students to eat a nutritious breakfast each morning. They have also participated as the ACBOE representative in the YMCA's Annual Great Grits Cook-off. The PJHS cafeteria, affectionately referred to as the CAT Cafe, is working with the Autauga County Department of Solid Waste Department to recycle items available from our lunchroom. It is being utilized in the lunchroom with future plans to integrate this recycling program in our life-science classrooms before spreading it school-wide.

It is important that our PJHS faculty instill integrity and a sense of compassion in our students. In compliance with the Autauga County Christmas Team, our Fellowship of Christian Students Club promotes a canned food drive for the needy every year. The Prattville Fire Department assists PJHS by delivering all items donated from the drive to the local (AICC) Autauga Interfaith Care Center. PJHS students also collaborate with Alabama Power and Jim Massey each year to provide coats for impoverished children. Many children benefit during cold weather from these cooperative efforts.

While educating children is the heart of Prattville Junior High School, meeting the needs of our children is its soul. Junior high school students are at a delicate age where the young adult is emerging, but the spirit of the child remains. Their needs go beyond what can be taught from books and extend into the realms of the physical and social. Like a willow in the wind, they are strong yet fragile, and at Prattville Junior High School they will never be broken, only fortified. We nurture the child within them and revere them for the adult they will become.
Improvement Plan Stakeholder Involvement
Introduction

The responses should be brief, descriptive, and appropriate for the specific section. It is recommended that the responses are written offline and then transferred into the sections below.
Improvement Planning Process

Describe the process used to engage a variety of stakeholders in the development of the institution's improvement plan. Include information on how stakeholders were selected and informed of their roles, and how meetings were scheduled to accommodate them.

The educating of a child takes continuous collaboration between all stakeholders. Prattville Junior High stakeholders include administrators, teachers, support personnel, parents, community members, and students. A variety of avenues are utilized by administrators, teachers, and other personnel in order to effectively communicate with parents and students. Technological avenues employed to facilitate communication with parents and students include the school website, School Messenger, Notify Me, Remind, EDMODO, INOW Parental Portal, Instagram, a digital sign, monitors throughout the school, and emails. Other avenues utilized include individual conferences, various flyers, phone calls, progress reports, social media outlets, and report cards. Parents and students are encouraged to communicate with all school personnel throughout the school year.

The Prattville Junior High School administration encourages parents to routinely provide input in the decision making process. Parents are represented on the School Improvement Committee, PJHS Counseling Committee, Textbook Adoption Committee, and Safety Committee. Parents also take an active role in the Prattville Junior High community through the school Parent Involvement Group. The administration of PJHS welcomes input and feedback from all parents through face-to-face meetings, phone calls, and emails. The Stakeholders Committee is comprised of administrators, teachers, parents, community members, and students. Stakeholders are selected based on his/her contact and interaction with technology. Once these stakeholders are selected, expectations and responsibilities are communicated to them in person. Meetings are scheduled at various times to accommodate the varying schedules of all stakeholders allowing for input from all stakeholders.

Describe the representations from stakeholder groups that participated in the development of the improvement plan and their responsibilities in this process.

In developing the improvement plan, all stakeholder groups were represented and assist in the process. Our Student Council president and community member, represented by School Resource Officer Skip Talmage, provide input in strategies and activities positively impacting the school climate and culture. The lead teacher for each grade and curriculum area and Autauga County Board of Education representative Dr. Rachel Surles were key in interpreting data, identifying strengths and weaknesses, and developing improvement goals. In addition, Mrs. Cathy Loftin assisted in reviewing school scores. Since PJHS is connected to LTF (Laying the Foundation) training, we have consulted with Sue Kuzma to review growth patterns further. School administrators and worked diligently to collect data relating to student learning, school performance, and demographic analysis.

Explain how the final improvement plan was communicated to all stakeholders, and the method and frequency in which stakeholders receive information on its progress.

The final improvement plan will be communicated to all stakeholders through email as well as the PJHS website, Notify Me, School Messenger, and/or INOW. The school aCIP is available to the public through the Advanced Ed website. Stakeholders are continuously and effectively provided with updates on school improvement through these means of communication.
Student Performance Diagnostic
Introduction

The Student Performance Diagnostic provides an institution with a process to report summative student assessments. This diagnostic is significant to the accreditation and continuous improvement process as it serves as a resource for schools to view content area assessment results required by the state, district, or other entities, determine the quality and reliability of the given assessments, and show the alignment of the assessments to the school's curriculum. The performance level computed at the completion of the diagnostic is used by the external review team as a comprehensive report to understand fully the institution's assessment program; the diagnostic should be used in the same manner by the institution as it engages in improvement planning.

### Evaluative Criteria and Rubrics

Overall Rating: 3.5

<table>
<thead>
<tr>
<th>Statement or Question</th>
<th>Response</th>
<th>Rating</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Assessment Quality</td>
<td>The array of assessment devices used by the institution to determine students' performances is sufficiently aligned so that valid inferences can be reached regarding students' status with respect to the majority of those curricular aims regarded as high-priority instructional targets. The documentation provided in support of this alignment is relatively persuasive. Most of the assessments used are accompanied by evidence demonstrating that they satisfy accepted technical requirements.</td>
<td>Level 3</td>
</tr>
<tr>
<td>2. Test Administration</td>
<td>All the assessments used by the institution to determine students' performances, whether externally acquired or internally developed, have been administered with complete fidelity to the administrative procedures appropriate for each assessment. In every instance, the students to whom these assessments were administered are accurately representative of the students served by the institution. Appropriate accommodations have been provided for all assessments so that valid inferences can be made about all students' status with respect to all of the institution's targeted curricular outcomes.</td>
<td>Level 4</td>
</tr>
<tr>
<td>3. Quality of Learning</td>
<td>Evidence of student learning promoted by the institution is well analyzed and clearly presented. In comparison to institutions functioning in a similar educational context, students' status, improvement, and/or growth evidence indicates that the level of student learning is substantially greater than what would otherwise be expected.</td>
<td>Level 4</td>
</tr>
<tr>
<td>4. Equity of Learning</td>
<td>Evidence of student learning indicates achievement gaps exist among subpopulations of students, and these achievement gaps have noticeably declined.</td>
<td>Level 3</td>
</tr>
</tbody>
</table>
Areas of Notable Achievement

Which area(s) are above the expected levels of performance?

All areas of the ACT Aspire were above the National Average for both 7th and 8th grade (even with an increase in the National Average). When we have students for 2 years at PJHS, we see even greater gains. All five sections of the ACT Aspire increased from 7th to 8th grade.

7th grade - ALL areas increased from the previous year. Science and Writing showed significant increases by over 7 percentage points.
8th grade - Science and Writing showed the most gains. Although English, Math, and Reading did not increase, the decrease was within the margin of error (1-2 points).

Looking deeper than the proficiency scores, we aim to ensure students have Average to High Growth. Our aim is to have less than 20% of our students score in the "low growth" category.

7th grade - Students scored below 20% (low growth) in all subtests except Writing. (14.5%-Science; 17.8%-Math; 18.0%-English; and 19.3%-Reading).
8th grade - Only 14.4% of students showed low growth in Math and 17.8% in both Science and Writing.

Describe the area(s) that show a positive trend in performance.

The best positive trend is that students who remain at PJHS for two years show tremendous amounts of growth.

Over the past four administrations of the ACT Aspire, the following have had positive trends:

7th grade English
7th grade Writing

8th grade Reading
8th grade Science
8th grade Writing

Which area(s) indicate the overall highest performance?

To review the actual highest performance, it is imperative to review the National Percentile Rank. The following are ranked highest to lowest for each grade:

7th grade:
Writing - 63.6
Math - 62.1
Science - 59.0
Which subgroup(s) show a trend toward increasing performance?

Females are generally making gains.
Hispanic students are making progress across all subtests except Writing.

Between which subgroups is the achievement gap closing?

The gap is closing between female and male students and for our Hispanic population.
The gap is closing for Black/African American students in several subtests.

Which of the above reported findings are consistent with findings from other data sources?

Our ACT Aspire scores are consistent with Performance Tests and local assessments.
Areas in Need of Improvement

Which area(s) are below the expected levels of performance?

Although our students did exceptionally well, we did not increase proficiency in 8th grade English, Math, or Reading.

Describe the area(s) that show a negative trend in performance.

Over the four administrations of the ACT Aspire, we have noticed a negative trend in proficiency rates for 7th and 8th grade Math. The National Percentile Ranks have remained steady; however, our level of proficiency has dropped off a bit.

Which area(s) indicate the overall lowest performance?

The lowest area for both 7th and 8th grade is Reading.

Which subgroup(s) show a trend toward decreasing performance?

Our Asian population has declined over the past couple years.

Between which subgroups is the achievement gap becoming greater?

Asian and White students.

Which of the above reported findings are consistent with findings from other data sources?

The ACT Aspire scores are consistent with Performance Series and local assessments.

Goal 1: CIP: READING - Increase Performance Series Scores

Measurable Objective 1:
A 3% increase of Seventh and Eighth grade Black or African-American, Asian, Bottom 30%, White, Economically Disadvantaged, Gifted and Talented, Hispanic or Latino, Students with Disabilities, English Learners, Two or More Races, American Indian or Alaska Native and Native Hawaiian or Other Pacific Islander students will demonstrate a proficiency in Performance Series / Global Scholar in Reading by 06/25/2018 as measured by Performance Series / Global Scholar.

Strategy 1:
Varied Course offerings - Varied course offerings in the area of Reading will be provided for students to meet their specific needs.
Category: Develop/Implement Learning Supports
Research Cited: Differentiated instruction is a highly researched facets of education and course offerings are based on the RtI Model.

Activity - Scheduled Courses

PJHS has multiple levels of mathematics to assist students with meeting their educational needs. There are advanced classes, general level classes, and basic level classes. Several Basic level classes also serve as co-teaching classes to provide students with more individualized instruction during the class period. Students are selected for each level of class based on a multi-criteria rubric.

Strategy 2:
Math - Professional Development - Professional development will be an ongoing part of the culture of PJHS to reinforce math skills and increase the rigor in the higher-order thinking skills realm.
Due to a significant gap in the math ASPIRE scores between ethnic groups, specifically black students, an emphasis will be placed on instructional strategies that target math proficiency in unique and creative ways.
We will also focus on the Fundamental Five instructional strategies.

Goal 3: CIP: Build on Positive Climate / Culture of PJHS

Measurable Objective 1:
collaborate to improve student achievement by 05/25/2018 as measured by assessment results; survey results.

Strategy 1:
Instructional Leadership - Administrators will be visible throughout the school and will be involved in curricular decisions and discussions. The principal will lead professional development activities throughout the year to reinforce the urgency of instruction.
Category: Develop /Implement Leader Effectiveness Plan
Research Cited: Instructional leadership is the backbone of making schools effective for students. This strategy is a critical one to continue the tradition of excellence at PJHS.
**Strategy 2:**

Continue Positive Morale - It is the ambition to continue positive morale so teachers are highly motivated to work diligently for student achievement. We will reward those students and teachers demonstrating the ideals of PJHS. In the same token, we will work with those students and teachers who are struggling.

The Real Cats Roar Program is a comprehensive program to motivate students to achieve. Through a variety of strategies (including weekly tickets for prize drawings, TCB gatherings, open lunch, extra breaks, assessment incentives, etc.), students will be motivated to perform academically.

| Strategy 3: | Expand student opportunities - We are currently building opportunities for students, including extra-curricular activities and elective offerings. These are in an effort to provide for a wide variety of interests in students and to help build ownership in their educational process. It has been proven that students who are actively engaged in activities are more likely to stay in school and to perform better academically. |

| Parent Involvement, Community Engagement | 09/01/2017 | 05/25/2018 | $0 | No Funding Required | Administrator's Counselors |

**Goal 4: All students will become proficient writers. PJHS will increase the number of students proficient in writing on the District prompts by 5%.**

**Measurable Objective 1:**
A 5% increase of Seventh and Eighth grade Black or African-American, Asian, Bottom 25%, Bottom 30%, White, Economically Disadvantaged, Free/Reduced Lunch, Gifted and Talented, Hispanic or Latino, Improvement from 10th to 12th Grade, Improvement from 8th to 10th Grade, Students with Disabilities, English Learners, Two or More Races, American Indian or Alaska Native, Native Hawaiian or Other Pacific Islander and Top 75% students will demonstrate a proficiency in meeting or exceeding grade level standards in Writing by 05/25/2018 as measured by a rubric aligned to College and Career Ready Standards with a baseline of 48.9%.

**Strategy 1:**
Writing Across the Curriculum - Autauga County Schools will implement an integrated continuum of writing in grades K-12. The implementation of this strategy will be a two pronged process, involving both students and teachers. Teachers will participate in ongoing professional development related to writing across the curriculum, depth-of-knowledge levels, and the effective use of rubrics to assess student writing. All elementary teachers have been provided with copies of the 6-1 Traits of Writing book. Secondary teachers will utilize materials from ACT and Webb's Depth of Knowledge research. Writing prompts specific for each grade level will be distributed to all students four times throughout the school year. Daily instruction in writing will be provided across all content areas. Such instruction will focus on the conventions of grammar, syntax, word usage, mechanics, style and tone. Students will be expected to become competent writers within the modes of Persuasive/Argumentative, Analytical Expository, and Reflective Narrative Writing. Data collected from writing prompts at the beginning of the school year (baseline data) will be compared to data collected from writing prompts at the end of the school year.
