

Every Student Empowered Every Student Succeeds

About the ACIP

Every school has its own story to tell. The context in which teaching and learning takes place influences the processes and procedures by which the school makes decisions around curriculum, instruction, and assessment. The context also impacts the way a school stays faithful to its purpose. Many factors contribute to the overall narrative such as an identification of stakeholders, a description of stakeholder engagement, the trends and issues affecting the school, and the kinds of programs and services that a school implements to support student learning.

Millbrook Middle School, along with the Elmore County Public School, adopted a new district-wide purpose statement. The purpose statement is *Every Student Empowered ~ Every Student Succeeds*. The statement ensures that the success of the students is the main goal is preparing them for the 21st century. This comprehensive process of reviewing, revising, and communicating the county and school purpose statement includes all stakeholders' advice and opinions.

Millbrook Middle School strives to involve all stakeholders in the development, implementation, and analysis of our continuous improvement plan. The plan is analyzed and reviewed throughout the course of each school year for adjustments.

ACIP ACADEMIC GOALS

- 1 The students of Millbrook Middle School will demonstrate an increase in proficiency in math.
- 2 Students of Millbrook Middle School will demonstrate an increase in proficiency in reading.
