

PROFESSIONAL LEARNING COMMUNITIES (PLC)

REDLAND ELEMENTARY

K-6TH STRATEGIES/ACTIVITIES

Summary Reports for February 2016

Kindergarten

The students will learn to make sentences with sight words.

First Grade

The students will be reviewed each week on math skills for the quarterly tests.

Second Grade

The students will be introduced to the math skills on identifying and counting coins. The students will use centers to review math skills.

Third Grade

The students will continue to learn two step word problems. They will practice word problems in small groups and practice skills for the ACT Aspire.

Fourth Grade

The students will learn good manners for others, field trip manners and school assembly manners.

Fifth Grade

The students will continue to develop good manners and character, using Ron Clark's Essential 55 (Rules 25-28).

Sixth Grade

The students will set goals and show motivation of being a good leader. Habit #6 Synergize will be introduced to the students.

Other PLC Groups

Special Education

The special ed teachers have developed a dyslexia handbook. The teachers are checking out the movement stools to use in the classroom.

Physical Education

The students are being taught that great leaders and good sportsmanship go well together. The student will be introduced to positive reinforcement and a High Five poster to use at the end of class.

Cafeteria

The cafeteria staff will continue to improve the climate in the cafeteria and make nutritional meals. The staff watched a video on professional food preparation.
