

# PROFESSIONAL LEARNING COMMUNITIES (PLC)

## Redland Elementary

### K-6<sup>TH</sup> sTRATEGIES/ACTIVITIES

#### Summary Reports for March 2016

##### Kindergarten

The students will learn sight word sentence building activities in the classroom center.

##### First Grade

The students will learn math skills in the classroom math center.

##### Second Grade

The students will learn math fact fluency through math centers and speed drills.

##### Third Grade

The students will continue to practice with daily word problems. ACT Aspire math practice, mountain math word problems and math journals.

##### Fourth Grade

The students will learn good hallway manners, such as walking in a straight line, no cutting in line and walking to the right side of the hallway. Also, they will learn about what is considered bullying.

##### Fifth Grade

The students will learn Ron Clark's Essential #28-30 rules. The students will show respect and kindness to others.

##### Sixth Grade

The students will continue to learn and review old Habits and "Fill the Tree Rewards".

#### OTHER PLC GROUPS

##### Special Education

The special ed. teachers will relate to the general ed. teachers about expectations for the special education students and the inclusion process.

##### Physical Education

The students are continuing to be taught how great leaders display good sportsmanship. The students will be introduced to new behavior challenges.

##### Cafeteria

The cafeteria staff will continue to make the cafeteria a warm and friendly place to eat meals.
