

PROFESSIONAL LEARNING COMMUNITIES (PLC)

REDLAND ELEMENTARY

K-6TH STRATEGIES/ACTIVITIES

Summary Reports for August 2015

Kindergarten

The students will increase their mastery of sight words recognition.

First Grade

The students will increase their knowledge on math strategies in addition and subtraction.

Second Grade

The students will get instruction on using Mountain Math strategies and activities.

Third Grade

The students will learn the strategies to solving multi-step word problems.

Fourth Grade

The students will learn tips and rules from the book "Essential 55" by being attentive and using good eye contact with speakers.

Fifth Grade

The students will learn tips and rules from the book "Essential 55" by using eye contact, showing respect for others and showing proper acknowledgement to others.

Sixth Grade

The students will learn to build good character by being good leaders.

Other PLC Groups

Special Education

The special education teachers provided teachers with tips for taking notes at an IEP meeting.

Physical Education

The students will learn how to show good sportsmanship and good behavior in PE class.

Cafeteria

The cafeteria staff will continue to improve the climate in the cafeteria. New items are listed on the menu this year.
