Dear Parents,

Here at Redland Elementary, we encourage creative problem solving skills and attempt to integrate them at every level within our school. On the following page, we've taken a fun and campy approach to solve a serious and growing dilemma. We realize this is a completely different tactic, but we expect great things because we have such a broad and strong parental support base and frankly, because you are the only ones who can meet this need.

Please take the time to read the following pages and consider how you'll be willing to help us.

Sincerely,

Chad Walls,
Principal, Redland Elementary School
