

Flomaton High School

Vision

The vision for Flomaton High School is to provide students with excellent educational experiences to be successful in life.

Mission

The mission for Flomaton High School is to provide instruction that will enable our students to graduate college and/or career ready.

Beliefs

Every student at Flomaton High School should have a safe and caring learning environment, a curriculum that meets learning needs, be prepared for college and/or career after high school, and be supported by school, community, and parents.

Learning Experiences

Objectives

- Through intensive instruction, students will demonstrate skills on or above grade level in math and reading.
- Teachers will use strategies and resources to increase student performance on assessments.

Critical Initiatives

- Provide systematic intensive instruction to struggling learners through small group instruction, differentiated instruction, and technology.
- Teachers will be provided professional development opportunities to expand their knowledge on existing opportunities as well as new opportunities,

Learning Environment

Objectives

- The positive learning environment and school culture will promote student success.

Critical Initiatives

- Student attendance will be emphasized throughout the year.
- Classrooms will have working and engaging technology, supplies, and resources.
- Transitions for incoming students will be planned to ensure a smooth entry for all students.

Stakeholder Engagement

Objectives

- Community stakeholders will feel welcomed and informed regarding school activities and procedures.

Critical Initiatives

- Parents and stakeholders will be notified of activities and relevant information in multiple formats.
