

Parent Checklist for 6th Grade Chromebooks BGIS 2014-2015

Things to do or know before your student receives their Chromebook.

_____ Read and Sign the ELI Agreement

Go to the website: www.hcseli.com. Click on the **For Parents** tab and then click on **ELI Handbook**. Read the agreement. At the bottom of the document click on the link in order to *electronically sign this agreement*. This agreement must be signed before the student can receive their Chromebook.

***To fill in this form you will need to know your child's state assigned student number (19-----). If your student does not know this number, please stop by the front desk tonight to receive the number.

_____ Purchase a Cover

Each student must have a cover for their Chromebook before they will be allowed to carry the device home. If you have purchased or pre ordered a cover it will given to the student when they check out their device. You may purchase a Chromebook case through the school by going to www.myschoolfees.com. These cases are \$22.00. You may purchase a cover on your own but it will need to be a hard protective cover (no neoprene type sleeves).

_____ Purchasing Insurance

The insurance coverage is outlined in the ELI agreement. If you would like to purchase insurance the cost is \$25 until September 1st. After September 1st, the cost will be \$50. Insurance is not required but is highly recommended. You can pay for insurance through www.myschoolfees.com.
