vSoft Visitor Entry System

vSoft is a visitor tracking system that helps protect your children. V-soft helps track visitors, students, faculty, contractors and volunteers at our school which provides a safer more monitored environment for our students.

When visitors, volunteers or contractors check-in, or parents come to pick up students, they will be asked to present a valid state issued ID for entering into the system. The system has the ability to provide alerts on people who may jeopardize the safety of our school.

We feel certain this system helps keep our school safer. We ask for your cooperation in presenting your valid state issued ID when checking in at the front desk of our school. Thank you in advance for your help in this matter.
