

## Library Schedule

The library operates on a combination fixed/flexible schedule.

**Fixed:** Each homeroom class visits the library bi-weekly for a 40 minute session. Sessions typically consist of a book return and check out with a shared story or book talk and/or an information literacy lesson/project.

**Flexible:** In addition to scheduled, whole-class library sessions, students may visit the library at specified times throughout the school day to return/check out books, use library computers, etc.
