

Face-to-Face conferences with new teachers on January 3, 2017

Request for technology:

***Ransom** – printer in the annex computer lab

***B. Pierce** – speakers for smartboard in room 279 (Ms. Williamson)

***Sells** – speakers for smartboard in Room 802 (Ms. McClintock)

***Nobles-Hall** – additional computer or laptop in portable 705

Garris – LCD projector needed in portable 701 (Ms. Fick)/There is one in the room. Mr. Smith will mount it.

Nies – document camera – We found one.

***Busby** – technical issues with connecting computer when transitioning from one room to another

***A. McCall** – technical issues with connecting computer when transitioning from one room to another

***K. McCall** – printer/scanner for Room 112

Request for additional resources/information/feedback:

Patterson – in-service on the discipline referral process; feedback process

Gilchrist, Garris, Busby, B. Pierce – additional Sophomore 201/202 resources

Turner – suggestions on how to acquire working phone numbers for parents

Stallings – additional PD on Educate AL, STI-PD, Sub-finders

Request for storage equipment:

Edmond – filing cabinet/storage unit in portable 904

Gilchrist – filing cabinet in portable 904

Nobles-Hall/Dixon – filing cabinet and storage unit – portable 705

Additional Comments/Suggestions:

Ransom – Suggested that additional monitoring/supervision during transition is needed; additional monitoring of uniforms

Patterson – Reply-All emails are numerous

Jones – New teacher orientation should include a tour of the facilities; request that administrators visit her classroom more often

B. Pierce – floating has been good, teachers have been accommodating and helpful

Nies – the transition from middle to high school has been an adjustment, but overall a good experience; everyone has made her feel welcomed; great collaboration among Ninth Grade Academy teachers

A. McCall – great collaboration among teachers within the English department

Dozier – great collaboration among the FACS teachers

Morgan – great team work within the science department; it feels good to be able to teach with the discipline issues

Stallings – an additional lab is needed in the science department; suggested additional informative sessions for new teachers

Keenlyne – appreciate having the host teacher leave the room while she's teaching

Sells – Collaboration with Ms. Ransom and professional development regarding classroom management has been very helpful. Floating and transition has been a challenge.

Davis – commented that he had a good group of students first semester; great faculty; teachers and department chair have been a big help.

K. McCall – Inquired about PD days for IEPs

Saunee – Mr. Richardson suggested that Ms. Saunee meet and discuss with technology teachers the possibility of adding more advanced courses to their course of study.
