

4-H Meetings

Sept.22, 2016

Students were taught the 4-H pledge and what the four Hs stand for; Head, Heart, Hands, and Health. Students made a four leaf clover and listed ways they could help their community.

Oct. 27, 2016

Students were taught about parliamentary procedure and elected officers for each group of students.

Dec. 1, 2016

Students were taught about a water cycle. We discussed how pollution can pollute our rivers and streams. Students were asked to rotate to stations and make water cycle bracelets.

Jan. 26, 2017

Students were shown skins and skulls from various animals that are found in Alabama. Students were asked questions to help them guess which animal skin we were showing. Students got to feel the skins and the teeth of the animals.

Feb.23, 2017

Baby chicks were shown and discussed at this meeting. Students watched a video, *Virtual Poultry Farm Tour* from the Alabama extension office about how chicks grow on a poultry farm. Students were able to hold small baby chicks and learn about the poultry industry.
