Classroom Management: Behavior Essay

Disrespect/noncompliance toward Mr. Tyler

I am copying this essay because I have shown disrespect to the adult teaching this class. Everyone deserves to be treated with respect. If I treat adults with respect; then I will be treated with respect in return.

Mr. Tyler is a qualified and experienced professional. He was selected by the principal, Mr. Reed and the school board of Mobile County Public Schools to teach me Information Technology and Networking here at Bryant Career Technical Center Campus located at 8950 Padgett Switch Road, Irvington, Alabama 36544. He is the adult in this classroom and as an adult he has authority over me. If I disagree with him, I know I can talk to him in a calm and respectful manner. I can speak appropriately without raising my voice or using profanity. When I show that I can control my behavior and I am sincere in my request to be heard, then Mr. Tyler will listen to what I have to say. In return he will solve any problems that exist and promptly correct them.

Mr. Tyler as well as my other teachers have a complex job. Showing respect can make that job much easier and run smoother. I have shown disrespect Mr. Tyler and all of my former teachers in the past, and at this point in time there should be no difference. Mr. Tyler expects that I display my best behavior and act accordingly in a classroom setting. It is my sole responsibility to monitor my behavior at all times and keep myself in check. If I cannot seem to manage my own behavior/s Mr. Tyler has the right to contact my parent/legal guardian in order to get me back on the right path.

By disrespecting Mr. Tyler I have shown disrespect to my fellow classmates. I have taken valuable time of instruction away from them because Mr. Tyler had to stop teaching to give me this very long essay. I have no right to interfere with the education of any of my classmates.

In the future; I will show respect to Mr. Tyler because that is how I would like to be treated. Copying this essay is a waste of my time for myself and my classmates and a complete waste of my limited supply of notebook paper. I should be in class paying attention and not talking to my friends, playing with my phone, play fighting, using profanity, rolling across the room, sleeping during class, eating and drinking at the computer, installing software, or screaming across the room. I should be listening, taking notes, and asking questions about the material we are learning. I also understand that there is a need for Computer Services and Networking Technology instruction. Not only for the purpose of knowing how it works but the entire world uses them to process and maintain our way of life.

If I show respect to Mr. Tyler, I will not have to copy this essay in the future. I will strive for that same outcome in my behavior. I also understand that this 637 word essay is due tomorrow completed, hand written on notebook paper by me, and signed by my parent or legal guardian or I will have to copy it again resulting in two copies being due the following day and call home to my parent or guardian. My parent my contact Mr. Tyler by two methods: one by email jtyler@mcpss.com method two by phone 251-957-2845 if they would like to discuss the reason for him assigning me this essay. If I do not turn it in I understand that Mr. Tyler may write a discipline referral on me and send it to the office in order to help me correct my inappropriate behavior.
