## On our website (A Message from the Principal)

Welcome to the 2016-2017 school year! Our vision is to create an effective Pre-K through 6<sup>th</sup> grade school that is highly regarded for valuing learning and for its contribution in actively serving and improving the community in which it operates.

Our mission is to empower and inspire Pre-K through 6<sup>th</sup> grade students to be adaptable, confident, and to take initiative. Students will develop higher-order thinking skills, collaboration skills, and effective communication skills. This will be accomplished through continued, ongoing professional development and partnerships with stakeholders.

We will do this in a safe, engaging, and academically-focused environment. We cannot do this alone. We value and welcome your involvement in your child's education. Very often, you can provide us with valuable information about your child's strengths and academic needs. Please know that we need and appreciate you! I am always available to hear and respond to your concerns.
