Twelve students are in RTI for attendance *and* academics, so they are actually counted twice. As the year progresses, more students are beginning to have attendance issues.

We are pleased to report that several students were released from RTI based on continued progress without interventions.

Notes/comments:

Eleven students are in RTI for attendance *and* academics, so they are actually counted twice. As the year progresses, more students are beginning to have attendance issues.

There were several students whose classroom grades are B's and C's without reteaching/retesting, but their STAR scores are below the 50th PR. Therefore, we kept them in RTI. Our next PST meeting is March 7, 2017.

Please let me know if there is other information you need.
