*"It Starts With Us!"*

The ACT Aspire Results show where students are academically and perhaps where they need to be. Some of our students are very close to their benchmark for success and need just a little push forward. With your help, our students can and will be ready to meet the challenges of the tests.

Our goal is to help our students prepare for these upcoming tests by conducting a brief workshop on the 2<sup>nd</sup> of February. At the workshop, you will be given the results of your child's 2015-2016 test results, as well as testing formats. This year, the ACT Aspire will be held in the month of April. This will give us approximately 59 days to help our students prepare. We hope you will join us in our quest to help our students excel.
