

B.C. Rain High School Grading Policy

All teachers should follow the same grading process, which is 60/30/10. The grading criteria will be 60% for major grades, 30% for class assignments, and 10% for homework. All teachers should have at least a **MINIMUM** of **three grades** per week; of those three grades, one must be a major grade in the 60% category. However, a major grade is not required for partial weeks.

Major grades are not limited to multiple choice tests. As a case point, a major grade can be in the form of an essay, classroom project, or oral examination. Gradebooks should be printed once a week and your instructional binder should be turned in weekly to your **Department Head** each Friday. Your binders will be returned by Monday.

If a student misses an assignment, a *one* should be placed in the gradebook for that assignment until the student makes up the assignment. Your make up policy should be clear and included in your syllabus.

All teachers should adhere to Mobile County Public Schools System test retake policy.
