

Students worked in centers to review 1st quarter skills.
Math center -tens and ones
Addition - Learn to Count

Thursday, October 27, 2016
10:35 AM

Ms. Prather worked with a group of first grade students with short vowel sounds short "e" and short "u". Students manipulated letters and sounds to read the words and also identified sight words.

8/24/16

10:15a.m.

Students seated at their desk working independently on "rounding" numbers. As the students worked, Ms. Streeter walked around and offered assistance. Rounding strategies/clues written on the board as reminders.

10/6/16

Speech and language small group with 3 students. Davin, Jacorien and Twyaski
Students worked on identifying vocabulary words focusing on their special sound: chocolate,
ship, sheep, jeep, lizard, forest
