

	Monday 10/2	Tuesday 10/3	Wednesday 10/4	Thursday 10/5	Friday 10/6
ACCRS (Objectives):	<i>Solve application-based problems by developing and solving systems of linear equations and inequalities. CCRS#2</i>				
Before:	Test (Systems, Equation, Inequalities)	*Stations Review (Unit 1)	*Stations Review (Unit 2)	Test (Units 1-2)	
During:					
After:		*Share/Review Answers	*Share/Review Answers		
Desired Outcome:	Students will demonstrate their understanding of solving systems of equations and graphing equations/inequalities.	Students will review topics covered in Unit 1.	Students will review topics covered in Unit 2.	Students will demonstrate their understanding of topics covered in Units 1-2.	
Formative/ Summative:	Test	Stations Review	Stations Review	Test	
Critical Questions:	<i>n/a</i>	<i>n/a</i>	<i>n/a</i>
