

HOW WILL GOSHEN HIGH SCHOOL ACHIEVE EACH GOAL?

1. Improve their ACT+Writing score

- Students will practice ACT problems in bell work and test questions
- Teachers will utilize Differentiated Instruction while implementing various strategic teaching strategies
- Teachers will ensure vertical and horizontal alignment with the CCRS curriculum
- All assessments will include problems concerning scientific investigation including pictorial data as per ACT exemplars
- Students will use primary and secondary sources in order to support theories and ideas as specified within levels 3 and 4 of Depth of Knowledge

2. Increase ACT Aspire scores

- Teachers in classes will explain methods used to find answers using complete sentence
- Teachers will require students to answer open-ended questions on homework, quizzes, and tests to practice writing explanation
- Use ACT Aspire Periodic Assessments and STAR results, as well as Global Scholar and Accelerated Math to gauge student growth throughout the school year
- Teachers will conduct student intervention interviews with students who performed at “Close” or “In Need of Support” to monitor progress
- Students will make use of Scope Scholastic magazine periodically throughout the year
- ELA teachers will incorporate grammar lessons 2-3 days per week
- Teachers will collaborate vertically and horizontally
- Faculty will be provided materials and resources to ensure rigorous and consistent academic program to support student growth
- Special education teachers will collaborate the general education teachers in order to lessen the Academic Gap between the Special Education subgroup and the Regular Education subgroup

3. All GHS students will graduate prepared for the rigor of post-secondary education

- All 8th graders will visit all of the Pike County Academies
- Parents are informed about the different academies offered by the Pike County School System

4. Reduce the At-risk Population

- GHS will have a Problem Solving Team (PST) to identify students in danger of failing and interventions will be put in place
- GHS will implement a mentoring program that will provide every student 7-12 with an adult mentor that will serve in this capacity throughout the student’s entire high school career

SOARING TOGETHER TO ACHIEVE STUDENT SUCCESS!
