CIP

Each year our school team, along with several parents and community members, work to develop a plan for improvement. The team analyzes data from standardized assessments including DIBEL's and Scantron and parent and staff surveys. All of the data is used to determine the school's strengths and weaknesses. From there the team develops a plan to improve in those areas that need to be addressed. After this year's CIP is finalized it will be on the school's website along with a summary for your viewing.

We hope you come out and enjoy this fun night with your school family. Public is invited. Your teacher will be asking for candy donations throughout October. We appreciate your help!
