

Moody Middle School Clubs

Moody Middle School is trying to foster a sense of community within our school. We feel that “the experience of being connected, supported, valued, helpful, and influential in the daily life of the classroom and school” (Schaps, 2002) will give our students an opportunity to create caring relationships amongst not only the classroom teacher, but also other adults and fellow MMS students. One way to create these relationships is to be involved in a club.
