

Livingston Junior High School

Vision

The vision of Livingston Jr. High School is to prepare students for the demands and opportunities of the 21st century.

Mission

The mission of LJHS is to provide a quality education that encourages every student to realize their fullest potential.

Beliefs

We believe that with a rigorous curriculum and teaching strategies that support differentiated learning and critical thinking, we can increase student achievement.

Academic Growth

Objectives

- Increase the percentage of students demonstrating academic growth in Reading/ELA on standardized assessments.
- Increase the percentage of students demonstrating growth in mathematics & science on standardized assessments.

Critical Initiatives

- Implement research based strategies.
- Provide more active personalized learning opportunities to support student readiness.
- Implement the use of daily formative assessments to monitor, reteach, and/or adjust teaching strategies.
- Use student friendly learning targets in daily instructions.

Academic Achievement

Objectives

- Increase student achievement in reading by creating effective communicators
- Increase student achievement in mathematics by producing problem solvers

Critical Initiatives

- Utilize small group instruction in tier I.
- Provide coaching sessions to increase teacher effectiveness.
- Differentiate instructions with an emphasis on rigor to develop critical thinking skills.
- Implement personalized learning programs to increase student engagement.

Climate and Culture

Objectives

- Support and encourage students' social and personal development by molding productive citizens
- Improve school climate and culture.

Critical Initiatives

- Implement school programs on character, suicide, drug awareness, and bullying.
- Utilize community stakeholders as a resource to improve school climate and culture.
- Recognize student accomplishments during PBIS celebrations and Awards Day.
