## **STUDENT INFORMATION SHEET**

This sheet can be used at the beginning of the year in any subject in order to get to know your students better.

As a high school teacher, I know my students lead busy lives, and I feel it is important to know what other afterschool commitments students have so I can support them in the classroom.

An extension activity to that can accompany this info sheet is to have students walk around to compare answers as an ice breaker and collect one point for each answer they have in common with someone else.

Enjoy!
