Dear Parents and Guardians,

This school year we are trying something a little different for our snowy day procedures. Our first option is going to be a **"late start"** following the schedule below. Please adjust bus pick up times according to the late start schedule. Because all school times are adjusted the bus times are approximate so please be patient. If the conditions warrant, it is still possible we will cancel school. Information regarding school day status will be provided via our automatic call system, voice mail message, website www.osd2.org and local news and radio stations including Phoenix stations.
