Publicity Release Form

Throughout the school year, North Cottonwood School and the Cottonwood Union School District take every opportunity to share news of our students' activities and achievements with the community. Sometimes this news includes photos or video footage of students in school settings and the captions may include the names of students in the photo, the name of the school and the grade level of the student. These photos may be used in newspaper articles, district reports, newsletters, video presentations, school or district web sites, and teacher classroom websites. It is also important to note that some local newspapers that receive publicity articles from the school or district may also place their latest issue on their web sites as well.

For your child to be included in these photos, you must give written permission below and return this form to the school office each year. If you give written consent and wish to change your mind at a later date, you may do so by sending a request in writing to the school office. Upon receiving that request, your consent will be rescinded immediately.

Please read the following options carefully and check **only** one.

I grant permission for identified school-related photographs or video of my child to be included in publicity information such as news releases, videos, newsletters, reports and district web site postings.

OR

I deny permission for photographs of my child to be used for any of the above listed publicity uses.
