California Department of Education School Accountability Report Card Reported Using Data from the 2015-16 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians, and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

About Our School

As you read through our School Accountability Report Card for the year 2015-16, it will become evident that the Cottonwood community has a fine education program in place for their children. The students continue to score higher than all but a few schools in the northern California region. Our staff is dedicated to the improvement of student's academic growth by creating a friendly, safe, open learning environment for all of our district's children.

Even with State budget problems and cut backs, we will continue to maintain a high quality academic program using highly qualified teachers and the California State Teaching Standards. We are fortunate to have a School Board, Superintendent, and an administrative and teaching staff that is dedicated to promoting a positive image and to the improvement and success of all students. The challenges of the next five to ten years will be viewed as an opportunity for positive growth for the schools and the community.

School Description and Mission Statement (School Year 2016-17)

Cottonwood Union School District is located in Shasta County and encompasses 200 square miles along the Shasta-Tehama County Line. Cottonwood Union School District is comprised of two schools, North Cottonwood Elementary School (K-4) and West Cottonwood Junior High School (5-8). The schools have consistently earned the reputation for high academic standards, extremely safe, well-disciplined campuses, and a school environment that is conducive to learning and parent participation.

Students at West Cottonwood Junior High School are guided by specific rules and classroom expectations that promote respect, communication, empowerment and community. The school's discipline philosophy is based on a community-building approach to education, a partnership between students, parents and the school, and a balance between support and accountability structures. Parents and students are informed of discipline policies through the student handbook and principal's newsletters. The principal meets with all new students and parents before they attend class and communicates to them the high standards of student behavior and the dress code. All staff members enforce the school rules in a fair and equitable manner and unacceptable behavior is quickly communicated to parents. A principal/counselor referral system is in place to deal with serious and recurrent student management problems in a timely manner and in-house and/or at home suspension are used to handle aggressive student behavior.

School Facility Conditions and Planned Improvements

West Cottonwood Junior High School was built in 1957 and is currently comprised of 32 classrooms, a library, a computer lab, a staff lounge, a gym, a multipurpose room, a fitness room, swimming pool, and an all-weather track. At the time of publication (November 2012) 100% of all toilets on campus were in working condition.

A team of two full-time custodians ensures classrooms, restrooms, and campus grounds are kept clean and safe. Cottonwood Union School District administers a scheduled maintenance program to ensure that classrooms and facilities are maintained to a degree of adequacy that provides a suitable learning environment.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students

Subject	Percent of Students Meeting or Exceeding the State Standards

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

Opportunities for Parental Involvement (School Year 2016-17)

Parents and the community are very supportive of the education program at West Cottonwood Junior High School. Parents volunteer in classrooms, for special events, fund raisers, field trips, and as chaperones and on various school/district committees.

The Cottonwood Foundation for Excellent Schools (CFES) is a non-profit organization that provides a network of community support for the Cottonwood School District and raises funds that will help enhance learning and offer more educational opportunities for students.

School Safety Plan (School Year 2016-17)

The School Site Safety Plan is revised annually in August. The Safety Plan is revised by the Safety Committee, which consists of the Superintendent, site administration, clerical staff, and parents. The school's safety plan includes steps for ensuring student and staff safety during a disaster. Emergency drills are conducted on a regular basis throughout the school year.

West Cottonwood Junior High School provides a safe and clean environment for students, staff, and volunteers. The safety of students and staff is a primary concern of Cottonwood Union School District. The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards.

Highly visible, organized, and professional adult supervision is provided by teachers, paraprofessionals, and administrative staff to ensure the campuses are safe and well supervised so all students can achieve social, academic, physical, and moral excellence.

Professional Development

Staff members build teaching skills and concepts through participation in conferences and workshops throughout the year. The district offers three staff development days annually where teachers are offered a broad based variety of professional growth opportunities in curriculum, teaching strategies, and methodologies.

In addition, staff members are encouraged to attend workshops and conferences. All teachers have the opportunity to participate in district and school sponsored in-service training and in outside training of their own choosing.

Cottonwood Union School District offers two programs to support new and veteran teachers in their classroom skills and to ensure continued professional development. Beginning Teacher Support and Assessment (BTSA), a State-sponsored program, is designed for first and second-year credentialed teachers to provide skills assistance over a two-year period.
