The candidates must also intend to enroll in a Community College, College or University, or Trade School in California. Caltrans hires in many areas that do not necessarily require a 4-year degree, but require courses from a Community College or Trade School. We definitely encourage all students, in all academic ranges, who plan to pursue a transportation related career to apply. *The field of transportation is broad and includes careers that Caltrans could potentially employ such as Engineers, Project Managers, Transportation Planners, Environmental Planners, Archeologists, Land Surveyors, Mechanics, Electricians, Landscape Architects, Cultural Resources, Biologists, Computer Science, Office Technologies, and many more.*
